

Andrew Gaston (Sentwali Olushola) Bio

Andrew Gaston is a knowledgeable, multi-faceted, small business owner, and humanitarian from Houston, Texas. As a skilled Le Cordon Bleu trained culinary professional, Andrew operated a successful catering operation from 2006 to 2019. Andrew, along with his business partner established "A5 Redevelopment" in 2016. The company has acquired land in two Texas cities and begun to develop in Houston. Currently residing in Arusha, Tanzania since 2020, Andrew established "Prodigy International". In 2021 the company successfully completed its first humanitarian project followed by another project completed in January 2022, both geared towards elevating the general quality of life by upgrading infrastructure and creating jobs with economic development initiatives. With both projects, Andrew has overseen the expenditure of more than ten thousand U.S. dollars in seven months.

Arusha, Tanzania

I am a co-proprietor and founder of A5 Redevelopment, Prodigy International, and I have been a foodservice management professional for more than ten years. I am able to apply a myriad skills and characteristics that translate well into my ability to achieve goals and provide exceptional outcomes in a variety of industries and fields. I have undergone client relations training in nearly every career role that I assumed. In my lines of work I thrive as proactive self starter. I exhibit attention to detail, vigilance, awareness, integrity, efficient communication, and discipline. I am a quick study and I am able to adapt to any given situation.

I am confident that I would be a great addition to your team. Throughout all my career I have employed and honed my skills to benefit any organizational structure. Instruction, conflict resolution, logistics and problem solving are specialties of mine.

Best regards,
Andrew Gaston

Completed, Current & Upcoming Projects

- We did a fundraiser for \$5K to increase existing water capacity in one of the villages. 2500 people now have safe access to clean water and the potential for in home plumbing.
- The upcoming project is for \$5K as well. A Masai village is in need of water and since we succeeded in completing the first project an organization called "Paint The Globe" reaches out to me and asked if I could facilitate their project.
